- [11] V. Atella , F. Belotti, J. Kopisnska **A. Palma**, A. Piano Mortari “Economic crisis, mortality and health status. A causal analysis”;
- [12] V. Atella, E. Di Porto, **J. Kopinska** “The heterogenous pathways of WWII stress transmission: evidence from a natural experiment”.

Session IV – Demand for Health and Healthcare (English)

Chair: Giacomo Pasini

- [13] M. Lippi Bruni , C. Ugolini , **R. Verzulli** “Estimating the elasticity of demand to waiting times: Evidence from a panel data analysis”;

- [14] **M. Santagata**, E.Ivaldi “Gender Differences in health among Italian regions”;
- [15] R. Levaggi G. Martini **D. Spinelli** “How does different treatments affect patient choice and hospital competition? Evidence from Lombardy”;
- [16] **M. Genie**, A. Nicolò, G. Pasini “Eliciting Patients' Preferences in Kidney Transplantation: A Discrete Choice Experiment”.

12: 00 – 12.15 – COFFEE BREAK

12:15 – 13:15 – Plenary Session

Keynote Speakers Professor David Stuckler , Oxford University and Bocconi University.

13:15 – 14:00 – LUNCH

14:00 – 15:30 – Sessions

Session V- Aging, Retirement and Health (English)

Chair: Vincenzo Rebba

- [17] C. Ardito, R.Leombruni , D.Blane, **A. d’Errico** “To work or not to work? The effect of higher pension age on cardiovascular health”;
- [18] E. Caroli , C.Lucifora, **D.Vigani** “Is there a Retirement-Health Care utilization puzzle? Evidence from SHARE data in Europe”;
- [19] **E. Lucchese** “How will aging stress emergency care performances?”;
- [20] **M. Celidoni**, V.Rebba “Retirement and Healthy Eating”.

Session VI – Healthcare Resource Allocation (English)

Chair: Stefano Calciolari

- [21] **M.G. Rizzo** “The role of value congruence and managerial job engagement in the budgetary participation- performance link: evidence from a general Italian hospital”;
- [22] A. Ancarani, C. Di Mauro, **M.D. Giammanco**, G. Giammanco “Work Engagement in Public Hospitals: a Social Exchange Approach”;
- [23] **V. Morando**, V.Tozzi, G. Pacileo “COPD management: a multi-centre piloting project for applying population health management tools”;
- [24] **S. Calciolari**, L. González Ortiz “Do global budgets make a difference? Results from a longitudinal analysis of a funding system change and culture in Swiss nursing homes”.

Session VII –Child Health (English)

Chair: Marcello Montefiori

- [25] **A. Palma**, Petrunyk, D. Vuri “Air pollution during pregnancy and birth outcomes in Italy”;
[26] **E. Pizzo**, G. Conti, M. Melnychuk, S. Morris “The long-term economic consequences of child maltreatment in the UK”;
[27] **C. Guerriero C.**, J. Cairns, Diaz-Ordaz K.; K. Brown, J. Ashworth, J. Wray, N. Abrines Jaume; M. Abbiss “Using animation to report children’s health: a randomized cross-over trial”;
[28] **M. Montefiori**, E. di Bella, L. Leporatti, P. Petralia “Overcrowding and triage effectiveness a study of Gaslini Children Hospital”;

Session VIII – Panel Session- Dati amministrativi in sanità: opportunità, limiti e prospettive future per gli studi di valutazione economica (Italian)

Chair: Rosanna Tarricone

- [29] **E. Pagano** “Dati correnti in sanità: come possono contribuire alla valutazione dei costi assistenziali?”
[30] **S. Franisci** “Valutazione dei costi in oncologia tramite registri tumori a livello di popolazione e database amministrativi”;
[31] **F. Ieva** “L’utilizzo di grandi database amministrativi per modellare le malattie croniche”.

15:30 – 16:00 – Coffee Break

16:00– 17:30 – Sessions and Posters

Session IX – Elderly Population Health (English).

Chair: Enrica Croda

- [32] V. Atella, F. Belotti, B. Blaylock, A. D’Addio, D. G.M. Lis, J. Oderkirk, **A. Piano Mortari**, B. Tysinger “Introducing the OECD-Schaeffer-CEIS Future Elderly Model (Global FEM)”;
[33] **A. Srakar**, V. Prevolnik Rupel “Multiple chronic conditions in older people and their effects on health care utilization: a network analysis approach using SHARE data”;
[34] **V. Atella**, F. Belottix, J. Kopisniskax, A. Palmaz, A. Piano Mortariy Forecasting European elderly population health status. An investigation using a dynamic microsimulation model.
[35] **Enrica Croda** “Chronic Pain in the European Elderly Population”.

Session X — Inequality in Health and Health Variables (English)

Chair: Matteo Migheli

- [36] **P. Brunori**, C. F. Guidi “Health Inequality of Opportunity in Europe”;
[37] **D. De Matteis** “Vertical equity in health care financing Italian regions”;

- [38] L. Tavares, **F. Zantomio** “Inequity in healthcare use among older people after 2008: The case of Southern European Countries”;
- [39] C. Di Novi, R. Jacobs, **M. Migheli** “Smoking Inequality across Genders and Social Classes. Evidence from Longitudinal Italian Data”.

Session XI – Household Economics, Family and Health (English)

Chair: Vincenzo Carrieri

- [40] **F. Barigozzi**, H. Cremery, K. Roederz “Caregivers in the family: daughters, sons and social norms”;
- [41] M. Avendano, L. F. Berkman, A. Brugiavini, **G. Pasini**, “Leave policies and stress at maternity”;
- [42] **M. K. Agarwal** “Household Amenities, Health Infrastructure and the Recent Health Policy in India”;
- [43] **V. Carrieri**, A. Jones “Intergenerational transmission of nicotine within families: have e-cigarettes had an impact”.

Session XII – Pharmaceuticals and Medical Device (English and Italian)

Chair: Claudio Jommi

- [44] **G. Callea**, M.C. Cavallo, R. Tarricone “Assessment of new Medical Devices with administrative databases: the need for traceability”;
- [45] **P. Pertile**, M. Forster, S. Gamba “Strategic Interaction in Pharmaceutical Price Regulation and Innovation”;
- [46] **A. Marcellusi**, F.S. Mennini A. Giunta, A. Gasbarrini, G. Valesini, P. L. Canonico, E. Novellino, A. Mecozzi, T. Gamucci, E. Di Brino, M. Ruggeri, A. Cicchetti “Impatto economico dei biosimilari in Italia: una analisi di scenario”;
- [47] **C. Jommi**, M. Otto “Effects of a regulatory switch from Prescription-only to OTC drugs on costs using a societal perspective.

Session XIII – Health Economics and Law (English and Italian)

Chair: Alceste Santuari

- [48] **A. Ricci**, F. Amatucci “Gli impatti della normativa anticorruzione nelle aziende sanitarie pubbliche: attività, protagonisti, impatti percepiti, prospettive”;
- [49] **M. Cavazza**, M. Del Vecchio, V. Rappini “Uno studio comparato delle assicurazioni sanitarie volontarie in Europa: innovazioni ed evoluzioni nell’ambito dei sistemi sanitari”;
- [50] P. Previtali, **A. Santuari** “The anticorruption models adopted by the Italian local health authorities: tools to strengthen the patients’ right to health. A law&economics approach”.

17:30 – 18:30 – Plenary Session (Aula Foscolo)

General Assembly of AIES Members

20:30 – Conference Social Event*

Bardelli Restaurant
Via Lungoticino Visconti, 2
27100 Pavia (PV)

*Meeting point at 18.30 - University of Pavia, Aula Foscolo for a tour of Pavia that will end at Ristorante Bardelli at 20:30.

Friday, October 6th

9:00 -10:30 – Sessions and Posters

Session XIV – Quality and Efficiency of Healthcare Services II (English)

Chair: Simone Ghislandi

- [51] M. Cavalieri, P. Di Caro, **C. Guccio**, D. Lisi “Does neighbour’s grass matter? Exploring spatial dependent heterogeneity in technical efficiency of Italian hospitals”;
- [52] C. Guccio, **M. Martorana**, G. Pignataro “Hospitals’ effectiveness-efficiency trade-off and spatial spillovers: an assessment using generalized directional distance function”;
- [53] **A. T. Renner**, S. Ghislandi “A spatial panel data analysis of the socioeconomic gradient of avoidable hospitalisations in Austria”;
- [54] **S. Ghislandi**, M. Kuhn “Market access regulation: what for? Asymmetric information in the regulation of the access to markets”.

Session XV– Il costo economico e sociale delle malattie (Italian)

Chair: Aleksandra Torbica

- [55] **S. Russo**, R. Migliorini, M. Trabucco Aurilio, F.S. Mennini “Malattie cronico-degenerative e previdenza sociale: un’analisi economica e demografica sulle prestazioni per l’invalidità”;
- [56] **D. D’Angela**, R. De Luca, F. Ficari, A. Gasbarrini, Marco Montorsi, F. Spandonaro “Impatto economico dell’immunonutrizione nei pazienti chirurgici oncologici”;
- [57] De Bartolomeis A., **Polistena B.**, Ploner E., Spandonaro F. “Analisi di budget impact del trattamento della schizofrenia”.
- [58] **G. L. Colombo**, S. Di Matteo, C. Martinotti, M. Oselin, M. C. Valentino, G. M. Bruno “La celiachia in Italia: costo della malattia e impatto economico dei sistemi di assistenza sanitaria a tutela del paziente celiaco”.

Session XVI – Modelli di valutazione dei servizi socio-sanitari (Italian)

Chair: Alberto Franci

[59]G. Fosti, F. Longo, E. Notarnicola, **A.Pirazzoli**, A. Rotolo “Assistenza sanitaria e sociosanitaria per gli anziani: quali modalità di ricorso ai servizi?”;

[60]**E. Ivaldi**, C. Bruzzi “La misurazione della deprivazione materiale e sociale a differenti livelli di aggregazione territoriale attraverso l’utilizzo di un indicatore non compensativo”;

[61] **T. Damiani** “Il valore economico di una struttura residenziale per pazienti del dipartimento di salute mentale. Esperienza presso la Comunità socio educativa riabilitativa di Force e presso la residenza protetta "Don Rino Vallorani" di Comunanza, Ambito territoriale sociale XXIV della Regione Marche”;

[62] A. I. Dormio, **P. Renzi**, A. Franci “Modelli di valutazione della performance nei servizi socio-sanitari”.

Session XVII – Population Health Management (Italian)

Chair: Valeria Tozzi

[63]**A. Furnari**, F. Lecci, E.Barzan, F. Petracca “Caratteristiche della domanda e profili di offerta delle prestazioni sanitarie per soggetti in fascia pediatrica: quali le attuali specificità e i potenziali scenari futuri?”;

[64] **P. Sciattella** , F.S. Mennini “Burden economico delle infezioni ospedaliere: tre differenti approcci di stima basati su real world data”;

[65]**A. Furnari**, F. Longo, C. Rognoni, A. Rotolo “Quali possibilità per una ricomposizione tra spesa sanitaria pubblica e privata: il caso dei dispositivi per incontinenza urinaria”;

[66]**E. Barzan**, F. Longo, F.Petracca, V.Tozzi “Evoluzione del modello lombardo per la presa in carico dei pazienti cronici: sfide nell’implementazione e possibili scenari future”.

10:30 – 11:00 – COFFEE BREAK

11:00– 12:00 – Plenary Session

Keynote Speakers : Professor Thomas D’Aunno. NYU’s Robert F. Wagner Graduate School of Public Service and NYU College of Global Public Health.

12:00 – 13:30 – Sessions

Session XVIII – Economic Evaluation of Chronic Illness (English)

Chair: Lara Gitto

- [67] **F.S Mennini** , G.Fabiano G, A. Marcellusi, C. Pinto “Human Papilloma Virus in Italy: cost of Illness and potential savings due to HPV9 primary prevention”;
- [68] **S. Coretti**, G. Izzo, A.Cicchetti “The Social cost of major depression“;
- [69] **O. Ciani**, S. Walker, F. Warren, N.Smart, M.Piepoli, T. Eames, S. R.Taylor “Individual participant data meta-analyses as a methodological tool in healthcare research: an application to chronic heart failure”;
- [70] E. Brenna, **L. Gitto** “Chronic Fatigue Syndrome(CFS/ME): a case study within the European project COST ACTION EUROMENE”.

Session XIV Health Technology Assessment II– (English)

Chair: Francesco Longo

- [71] **C. Rognoni**, R. Tarricone “Budget impact analysis in abdominal wall surgery: the case of biosynthetic meshes”;
- [72] S. Russo, **S. Landi**, P. Landa “Economic evaluation of Platelet-Rich-Plasma versus Hyaluronic acid for the intra-articular treatment of knee OA in in four western countries”;
- [73] **R.Viti** , A. Marcellusi , Andreoni , Sarmati, F.S, Mennini “Economic Evaluation for the treatment of Acute Bacterial Skin and Skin Structure Infections (ABSSSI) from Italian National Health Service: an early discharge approach with dalbavancin”;
- [74] F.S. Mennini, **C. Bini**, A. Marcellusi, E. Franco “Quadrivalent influenza vaccine in Italy: a cost-utility analysis on population at risk

Session XX – Comparative Analysis of Population Health and Health Systems (English)

Chair: Lorenzo Rocco

- [75] J. Bhattacharya, **G. Marini** “Is the European refugee crisis a public health crisis? An application to Italian data”;
- [76] **A.Torbica**, C. Makwero, M. De Allegri ”Estimating the costs of Performance-Based-Financing interventions in low and middle income countries: novel evidence from Malawi”
- [77] E. Kuruczleki, **A. Pelle** “The health status landscape of EU member states and its relations to economic performance and competitiveness”;
- [78] **J. Escarce**, L. Rocco “Immigration and the Health of Natives in 12 Western European Countries”.

Session XXI – Healthcare Management and Organization (English)

Chair: Matteo Ruggeri

- [79] S. Bruzzi, **P. Landa**, E. Tanfani, A. Testi “Towards integrated healthcare systems: Modeling organizational changes inside hospital”;

[80] V. **Morando**, V. Tozzi., G. Pacileo “Integrated Clinical Pathways and managed care for complex chronic conditions: the case of Multiple Sclerosis management at the Local Health Authority of Parma”;

[81] C. **Demartini**, G. Bassani “Change and performance management systems effectiveness. Evidence from Italian hospitals”;

[82] M. **Ruggeri**, S. Coretti, C. Drago, V. Moramarco “How well do health professionals play in their roles”.

13:30 – 14:30 - Lunch

14.30 – 16:00 – Round Table (Aula Foscolo): “Trend demografici ed epidemiologici: implicazioni di policy e management”.

Participants:

Tito Boeri (President of the Italian Social Security administration (INPS) – invited;

Giuseppe Costa (Dipartimento di Scienze Cliniche e Biologiche, Università di Torino);

Margherita Giannoni (Dipartimento di Economia, Università di Perugia);

Cristiano Gori (Dipartimento di Sociologia e Ricerca Sociale, Università di Trento e Network Non Autosufficienza);

Luca Merlini (Osservatorio Epidemiologico Regionale, Direzione Welfare, Regione Lombardia);

Gabriele Pelissero (Dipartimento di Sanità Pubblica, Medicina Sperimentale e Forense , Università degli Studi di Pavia).

16:00 – 17:00 – Plenary Session (Aula Foscolo)

- **AIES Young Researchers Award Ceremony;**
- **Fondazione Farmafactoring Award Ceremony;**
- **Closing Ceremony.**

Suggested time schedule

Three paper sessions: 20 mins presentation; 8 mins discussion. Four paper sessions: 17 mins presentation; 5 mins discussion.

Other information regarding the Conference will be published on the AIES website: <http://www.aiesweb>.
