

EXCITING OPPORTUNITIES IN SAUDI ARABIA

Health Economists Required as Part of the Transformation of the Healthcare System in the Kingdom of Saudi Arabia

Through its “2030 Vision”, the Kingdom of Saudi Arabia has embarked on a wide-ranging transformation of its healthcare system, The Ministry of Health is now looking to engage three health economists to join its growing team of international and local personnel in Riyadh, on initial one-year full-time contracts, with extensions by mutual agreement.

Candidates must have a post-graduate qualification (PhD/MSc) in health economics and 4-6 years’ experience. Previous work experience in “Health Technology Assessment” is preferable but not essential.

Candidates must have excellent communication, presentation and management skills, and an ability to effectively convey health economic technical information to non-economists.

The package will comprise an excellent salary (potentially tax-free), annual allowance for air travel to/from the UK, comprehensive medical insurance, assistance with visa applications and support from potential colleagues already “on the ground” in Riyadh.

Starting dates are flexible, but the client would prefer individuals to be able to start as soon as possible, which is effectively from mid-March onwards.

If you are interested in finding out more about these opportunities, then please contact David Chevins of Hygeian Consulting at david.chevins@hygeiancosunting.co.uk no later than 17th January 2020.
